

## **Juul 2 Device : An All in One Vaping Experience**

Vape is a more subtle and harmless smoking mean than cigarettes. The vaping industry has come up. with many advancements to fulfill the needs of the user and hook them to their products. Juul 2 pods are one of those advanced options designed to entertain the consumer through its benefits, elegance, and easy-to-use interface.

### **Juul 2 starter kit:**

**Juul 2 pods** kit has many unique features that have attracted several buyers since it was recently launched in 2022. The starter kit contains mainly a Juul 2 pod and Juul 2 device and a USB C charger.

Moreover, this can be controlled through the Juul app which allows the user to personalize their vaping experience entirely. The pod comes pre-filled with the flavor of your choice and contains separate nicotine pods as well.

### **Features of Juul 2 Device:**

**Juul 2 device** comes with an improved charging experience. It has become convenient to charge the device through a magnetic charger. A bigger battery that is more powerful than other pods gives an extended user experience.

It is a very elegant and slim design. This lightweight design is a fit for going to the vaping experience. It is easier to carry and keep it along with you wherever you go.

It has an LED display that indicates the battery the e-liquidated amount so that the user is aware of his vaping habits.

### **Age-restricted product:**

**Juul 2 pods** are an age-restricted product. It is introduced for adult smokers. If you are over the age of 21 then you can have a **Juul 2 pod** for yourself. The nicotine pods are sold separately. The minors are advised to buy another suitable pod in this case. A person needs to verify his age to get his hands on a **Juul 2 device**.

## **Usage:**

Many **Juul 2 pods** are sold separately in the market but it is smarter to buy it along with the Juul 2 device. As only Juul 2 pods can be operated through **Juul 2 device**. It is specifically designed for only these pods.

Just place the prefilled Juul 2 pod in the device. Exhale it and the device starts working. LED display monitors the use of e-juice. LED glows white when the device starts working and then turns to give a purplish gleam to show the amount of vape liquid.

## **Warranty:**

The Juul 2 starting kit comes with a warranty of 2 years. If there is some problem with your Juul 2 device you can replace it within 2 years.

## **Flavors and e-liquid:**

**Juul 2 pods** come with separately sold 18 ml nicotine pods. It can contain 1.2 ml nicotine salt in the e-juice per pod. So the nicotine level is decided by the user. Each Juul 2 pod can hold 0.7 ml of vape liquid. Juul 2 device has 70 % more e-liquid holding capacity than any other pod.

Juul 2 pod is available in 7 flavors. It was introduced with its unique basic flavors but now the range has extended to more fun flavors. Virginia Tobacco and Crisp Menthol are hot favorites for the vaping community.

The flavor comes in prefilled and it is disposed of after its usage. Replacing it with another e-liquid may damage the efficiency and functioning of the device.

## **JUUL App:**

Juul App gives the user an overwhelming experience that no other devices provide. Users have the liberty to control and customize their vaping experience. JUUL app is available on Google Play Store. Download it from there and connect your **juul 2 device** there. It can help you find your device remotely.

### **Charging:**

The charging option comes in as a magnetic charger. It becomes much easier to handle and carry wires. Just place the device on a magnetic charger and it is as simple as that. The charging time for the device is simply amazing. It takes only 30 minutes to reach 80 % charging of the device. With a USB C charge, it has become easier to hold devices at any angle and has protected the user from the hassle that comes with managing wires and devices.

Thus, buying a juul 2 device is worth a try.
